DETAILED ACTION

Election/Restriction

Pursuant to 37 C.F.R. 1.142(a), whereby the distinctness and independence of the inventions of the instant application have become clear upon further consideration, an examiner's action on the merits of the amendments and arguments filed by Applicant on September 28, 2001 and February 19, 2002, Paper Nos. 20 and 23 respectively, insofar as they pertain to the elected invention, is hereby deferred until an election has been made. (See MPEP 810.02 and 811)

Pursuant to 35 U.S.C. 121 and 37 C.F.R. 1.141, the amino acid sequences listed in claims 27, 34-37, 41, 43, 47, 49, 50 and 52 are subject to restriction. As per M.P.E.P. 2434, the Commissioner has partially waived the requirements of 37 C.F.R. 1.141 and will permit a reasonable number of such sequences to be claimed in a single application. Under this policy, in most cases, one independent and distinct sequence will be examined in a single application without restriction. Those sequences which are patentably indistinct from the sequence selected by the applicant will also be examined.

Claims 27, 34-37, 41, 43, 47, 49, 50 and 52 specifically claim variable sequences derived from SEQ ID Nos. 4, 6, 8, 10-14. Each of these sequences is considered to be structurally independent and distinct, because each of these sequences has a unique sequence. Furthermore, a

Art Unit: 1635

search of all the sequences claimed, including any and/or all variations of each sequence claimed, presents an undue burden on the Patent and Trademark Office to search and examine all of the recited sequences. In view of the foregoing, applicants are required to elect one claimed sequence from claims 27, 34-37, 41, 43, 47, 49, 50 and 52.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(I).
